FAQ'S

What is Airbrush Makeup?

Hybrid Airbrush makeup is the **leading** technique for 2026, designed to provide a flawless, **long-lasting** look that's perfect for professional photos. By combining **traditional foundation** for precise coverage with **airbrushing** for a lightweight, radiant finish, this method ensures your makeup looks perfect, feels natural, and lasts all day. It offers the luxury of impeccable beauty tailored just for you.

Is travel included, and do you also offer services at your location?

- On-site travel is included within Cancún, Playa del Carmen, Riviera Maya and Tulum. For islands (with ferry access) or destinations beyond these areas, an additional fee may apply.
- We also offer our Boutique Beauty Room in Cancún — a private space for a calm getting ready morning, and a great option to avoid hotel vendor fees. For details about vendor fees at your resort, please consult with your travel planner.

Do you have any special guidelines for certain hair types or styles?

Every hair type is unique, and we want you to feel confident and prepared.

- Our services do not include the application of wigs or lace fronts; please have them applied prior to the session.
- We do not create or retouch dreadlocks or similar styles, but in some cases, an updo without hot tools may be possible after evaluation.
- If arriving with wet hair, a blow-dry fee will apply.
- Please let us know in advance if you'll need any additional hair add-ons, so we can schedule the right time for you.
